Format:

18x30"

Material:

Watercolor, paper, pencil, laser print,
marker blender, gel remover,
Photoshop

Concept:

Using the musical collages from
the collage project as a component,
make a poster about a Jazz musician.

Ornette Coleman's music sounds
like city noise with quick rhythm. I
used contrast color, splash shape,
and messy line works to express the
strong emotion in his music.
